

FARIDABAD TO KERALA (HOME TO Vadodhara) 09-09-14

SUMMARY:

- Begin with a fresh 7-8 hour of sleep, a Black tea, biscuits and smiles
- Check tyre pressure the previous night with tyre in cold conditions
- If possible fill Nitrogen which shall act as a coolant for tyres on long journey
- Prepare a route Map with a Destination in mind in every 250 kms
- Keep cushions for the passengers to relax during the long hours of drive
- Kindly ensure to drive with your shoes on instead of slippers, to get good grip on the drive
- Take necessary consumables like (packed) Junk food, napkins, wet wipes and basic medicines
- *If you have women with you remind them for their cosmetic kits and yourself for money
- Click the first photograph when you leave, check for the Odometer starting reading and the fuel
- The most charismatic journey of your life begins... wroooooommmmmmmmmmm
